Summons

In the Superior Court of the State of Arizona, in and for the County of Navajo

Action brought in the Superior Court of the State of Arizona, in and for the County of Navajo, and the Complaint filed in said County of Navajo, in the office of the Clerk of said Superior Court.

J. C. Mayes, Plaintiff vs. P. A. Ward, his unknown heirs, Administrator of his Estate, his unknown assigns and successors in interest, J. M. Dennis Lumber Company, its unknown assigns and successors in interest, and Mrs. C. D. Jeffries, Defendants.

In the Name of the State of Arizona, to P. A. Ward his unknown heirs, Administrator of his Estate, his unknown assigns and successors in interest, J. M. Dennis Lumber Company, its unknown assigns and successors in interest, Defendant's, Greeting:

You are Hereby Summoned and required to appear in a action brought against you by the above-named Plaintiff, in the Superior Court of the State of Arizona, in and for the County of Navajo, and answer the Complaint therein filed with the Clerk of said Court, at Holbrook, in said County, within twenty days after the service upon you of this Summons, if served in this said County, or in all other cases within thirty days thereafter, the time above mentioned being exclusive of the day of service, or judgment by default will be taken against you.

Given under my hand and the Seal of the Superior Court of the State of Arizona, in and for the County of Navajo, this 13th day of May, 1922.

(Seal) Lloyd C. Henning
Clerk of said Superior Court
By Olive Clark
Deputy Clerk.
F May 19. L June 9.

Notice of Sale of Automobile

The State of Arizona, Plaintiff, vs. F. Williams, Defendant, vs. W. C. Duggar Company, Intervenor.

Judgment having heretofore been entered forfeiting one automobile involved in this action, and order of this court having been entered for sale of said car, and the judgment and order specifying that the proceeds of such sale shall be divided between the Plaintiff and Intervenor, in accordance with stipulation entered by said Plaintiff and Intervenor, and the law requiring that the undersigned sell said automobile in accordance with said judgment and said order.

Now Therefore, notice is hereby given that on the 3rd day of June A. D. 1922 at the door of the Court House at Holbrook, Navajo County, State of Arizona, I will sell at public auction to the highest bidder, for cash, at 2 o'clock P. M., the following described automobile:

One Studebaker Nineteen Series, 6 cylinder, 5 passenger, touring car, Serial No. 256472, Motor No. 15469.

Dated this 13 day of May A. D. 1922.

R. L. Newman, Sheriff.
By O. C. Williams, Deputy.
F May 19 L June 22

Major and Mrs. Shipley were in town Sunday from Cooley. The Major had a good excuse for going to the circus as he had his little girl Constance along and of course she wanted to see it. That's all right, we didn't have any excuse, but we went anyway.

Build up your system and feel fine all the time by taking Tanlac. Holbrook Drug Co. Adv.

THE OLDEST MYSTERY

The Swastika, so familiar to us here in the southwest is the oldest symbol in the world. Also, it is the oldest mystery.

You find it engraved on primitive tools, dug up in the mounds of the Ohio, Tennessee and Mississippi mound-builders, who inhabited America before the Indians.

The Swastika also is found in the most ancient ruins of Alaska, Mexico, Brazil, Egypt, Babylonia, China, Japan, India, Assyria, Phoenicia, Persia, Tibet, Greece and nearly every other country in the world, including obscure islands.

Buddha, according to myth, carved the Swastika on the soles of his sandals, and oriental statues of him often have their feet decorated to correspond.

The Swastika is the international symbol for good luck and general welfare—like our horse-shoe, the negro's rabbit-foot and the "chung-meng-fui-goi" sign that is painted on the door of nearly every Chinese home.

The Swastika's origin is unknown. But archaeologists, the ditch-diggers of science, have traced it back to the beginning of the Bronze Age, 4500 years ago.

For all we know the Swastika may have been old then.

How did it spread over the earth and become known in countries that are supposed to have had no knowledge of each other in ancient times?

Christopher Columbus unquestionably knew the Swastika, possibly had it painted on his ships for luck. Yet, mark that it was used by the mound-builders in America centuries before Columbus was born. How did they get it?

The only plausible explanation of the universal use

"PIGS IS PIGS"

This story clipped from the St. Johns Herald is about the best one we ever read concerning the Pig and his capacity for eating.

"Pat had a little pig who possessed wonderful cramming ability.

True to his name he devoured two buckets of slop given him by his owner, and then after such a lunch Pat picked him up and put him in the bucket and put the lid on." —St. Johns Herald

VISIT IN WINSLOW

Mrs. John Flanigan and daughter Fay went down to Winslow Friday evening to attend the Commencement Exercises of the High School. They returned in Mrs. Penrod's car. Mrs. Penrod had been in Winslow attending all of the weeks varied programs at the schools.

Miss Virginia Hungerford also returned in the car with them for a short visit with the Penrod girls.

of the Swastika comes from China.

The Chinese—who claim that their explorer, Fu-Sang, visited America 1060 years before Columbus—believe that civilization travels in an endless wave—up 30,000 years, then down 30,000, so on forever. That's why Chinese mythology tells of "flying men" far back in antiquity.

The earth may be 1,700,000,000 years old, says Professor William Duane, of Harvard Medical school. He bases his calculation on radio-activity.

Regardless of the number of years, queer things are buried back there in the past, as shown by the Swastika, oldest mystery.

Holbrook News Notes

Loa Cross informs us that her birthdays are such momentous occasions that even the government recognizes their importance. At any rate there was a holiday on that day. How do they get that way? We'll tell you. Get born on Memorial Day and you're birthday will be a national holiday, too.

Round up has started and all the cattle men are busy. It will be near town this week.

Attorney John L. Sweeney was in town Friday attending to legal matters in the Superior Court. He was accompanied by Father Albouy and Mr. Gammage of the Winslow School Faculty. They drove back to Winslow during the afternoon.

Mr. and Mrs. Hancock have purchased a five passenger touring car from Bill Franklin. Guess what make it was. You're right the first shot, it was an Overland. They intend to get full value from all this wonderful scenery we have strung all around over the country and fairly going to waste for want of looking at.

Mr. Henry Hayes went to Flagstaff on Sunday to pay a short visit to the City of the Peaks. His wife has been spending some little time there.

Some little excitement was caused last Saturday by a blazing freight car that arrived in the local yards. It was extinguished, or rather the flames were, with no great damage to the contents other than that of the water. It was a carload of Overlands, which was consigned to a place further down the line.

Mr. and Mrs. R. W. Riggs of Winslow have adopted a little girl from the Children's Home Ass. in Tucson. The child is about thirteen years of age and her name will be changed from Elizabeth De Beaulieu to Catherine Elizabeth Riggs. The little one is indeed fortunate in finding a good home.

RETURNS FROM COOLEY

Last week Mrs. Belding returned from a short trip into the Mountains. Now she knows where she is going to have her summer home when dreams come true. It will be Cooley. Mrs. Belding drove up to Cooley with Mrs. Zalaha for a visit and fell in love with that part of the world.

Mr. and Mrs. Jay Patterson were Holbrook visitors in Winslow Friday evening.

Henry Conklin and Catherine Rich, both of Los Angeles, Cal. were married in Holbrook this week. Judge Easley performed the marriage ceremony, the brides mother being present.

Jesus Hernandez and Mercedes Leon, both of Winslow, were granted a marriage licence this week.

H.F. Chapman and Gladys Chapman were granted a decree of divorce on last Saturday. Earl F. Orr and Ora Elva Orr of Winslow were granted a divorce on the same day.

Mrs. Easley left on last Friday morning for Breckenridge Minn. She will be gone for about six weeks. We are willing to wager that long before that time the Judge is good and sick of his own cooking.

LADIES AID TO GIVE RECITAL

On next Thursday evening, June 8th, at eight o'clock, the Ladies Aid of the M.E. Church will give a recital. Mrs. Grady Gamme, a well known reader of Winslow, will give an interpretation of Enoch Arden by Tenneyson. She will be assisted in the evening's entertainment by local musical talent. Adm. will be 25 and 50 cents.

This evening will undoubtedly prove a rare treat to all lovers of the artistic.

BUSINESS LOCALS

HOLBROOK POWER CO. GIVEN AUTHORITY TO SELL STOCK

Authority to issue \$30,000 of capital stock to cover capital advanced was granted to the Holbrook Light & Power company yesterday by the corporation commission. The stock is to be issued to retire all bills and accounts payable of the company and to install a \$10,000 oil unit. The commission also granted the company permission to issue \$20,000 in first mortgage 6 per cent bonds to mature in 14 years, and ordered that all similar bonds issued under a grant of January 15, 1916, be cancelled.—Cococino Sun.

BIG DAY PLANNED

June 10th, it is planned to have a big time at the Lyman Reservoir in honor of the completion of the dam and the commencement of a new era of prosperity for St. Johns and Apache County.

Everyone is invited to join in and help make the day a big one and a successful one. Fix up your picnic and be one of the big crowd.

Arrangements are being made to have conveyances so that all who wish to go can have the opportunity of so doing.

Barbecued beef, cooked under the direction of W. P. Davenport, will be served free by the committee.

Remember the date, and start to plan it today.—St. Johns Herald.

For only \$3.00 The News will be sent to you for a whole year.

THE "NEWS" SHOULD BE IN EVERY HOLBROOK HOME

OLD TIRES SAVE SHOE BILLS FOR FAMILY

A unique use for worn out automobile tires is found in the neighboring Republic of Mexico. The stock carcasses of the tires, especially the larger sized truck tires, are in great demand among the people of the working classes, who cut them out with a sharp knife in the shape of the foot, attach leather thongs, and wear them for sandals.

Thus you may find the Mexican peon walking across the sand, leaving behind him the trail of the familiar diamond shape All-Weather Tread of the Goodyear tire. So popular have these shoes become that worn out tires are in great demand and the making of these rubber shoes is an established industry.

HIKING EIGHTY MILES A DAY

Mr. Herbert Olvis, an ex-service man who is hiking from Los Angeles to Chicago, dropped in at the News for a few minutes on Saturday. He claims to be able to make eighty miles a day, but that would seem to us to be somewhat of a stroll. He belongs to Victory Post No. 54 in Los Angeles, and also to Disabled Veterans Post No. 1. He says that he left Los Angeles on Wednesday and reached here Saturday, having had a ride across the desert.

Chas. Thomas Jr. and Harry Paulsell were in town Sunday and attended the circus.

Mr. and Mrs. G. C. Hall were up from Winslow Sunday. They took dinner with Mr. and Mrs. Chamberlin at the Rees Cafe.
